

## OBJECTIVE

I want to deliver a strong message, through making real changes aimed towards improving and making the place we live in better. A place that allows people to have an obstacle-free path that allows unlimited growth. Therefore, I will dedicate my passion and ambition for problem-solving, analytical skills, and my various and extremely competent Software Engineering expertise in multiple fields to achieve this goal.

---

## EDUCATION

### King Fahd University of Petroleum & Minerals (KFUPM)

Bachelor of Science, Software Engineering

Dhahran, Saudi Arabia

Sep 2016 - May 2021

### Georgia Institute of Technology (GT)

Exchange Program, Computer Science

Atlanta, GA, United States

Aug 2019 - Dec 2019

---
